

STONY PLAIN SUN.

VOLUME TEN. STONY PLAIN. ALBERTA THURSDAY, OCT. 31, 1929. Whole Number 482

Here and There

(409)
Representatives of the English Folk Dance Society, thirteen in number, are sailing for Canada on S.S. Mantrose, October 24, to take part in the English Music Festival arranged by the Canadian Pacific Railway at the Royal York Hotel, Toronto, November 13-18. The party is under the direction of Douglas Kennedy, leader of the English Folk Dance Society. The practice of English Folk Dances has spread to hundreds of thousands in the British Isles, and it is believed that the dancers' visit here will result in the popularization of these dances in Canada.

Approved plans calling for completion of construction within two years will enable the Canadian Pacific Railway to extend the Cut-knife line through the Battlefords and eventually to the fertile farmlands of the vast Meadow Lake area, linking that part of Saskatchewan to the plains region lying towards Calgary and thence to a coast outlet at Vancouver. This construction will mean the turning of a new page in the history of one of the most promising agricultural sections of Western Canada.

"The mail must go through," slogan of the air mail service was well illustrated recently when S.S. Duchess of Bedford docked at Quebec with a heavy mail consignment which had weather had prevented taking off at Father Point as is the usual practice. Mails were rushed four miles to the Quebec airport and reached Montreal one hour later. They were delivered by another special plane to the Toronto airport five hours after the Duchess had docked.

Two hundred and forty-eight mink and four foxes, valued in all at \$15,000, were carried recently by Canadian Pacific Express from Ontario and Manitoba and shipped by S.S. Montrose to France. They were all in good shape and represent one of the largest shipments of fur-bearing animals to European breeding farms of recent months. Demand comes from Great Britain, France, Germany, Holland and Switzerland.

For the second time in three years, the Investors Bankers' Association of America held their annual convention at the Hotel Frontenac, Quebec, this October. Over a thousand delegates attended from all parts of the United States and Canada and the convention was addressed by E. W. Beatty, chairman and president of the Canadian Pacific Railway.

Beaten out of world series glories, three members of the Yankees Baseball Team, R. Shawkey, coach; Roy Sherid, pitcher; and B. Bengough, catcher, solved their disappointment with a ten-day sojourn in the Laurentians, hunting section north of Montreal. Hunters coming out of this region last before, reported fine sport, and one of them brought a 12-inch mouse head out of the wilds as a trophy.

Three years ago there were only four grain elevators in Alberta belonging to the Alberta Wheat Pool. Now there are 427, representing an investment of more than \$5,000,000. "The introduction of combine and strip trucks has speeded up harvesting on the Canadian prairie to a remarkable degree," says an official bulletin.

The Big Liberal Meeting

Standing Room Only, was the order, at the Liberal rally in the town hall Friday evening. All the available seating accommodation was taken when Chairman Oatway opened the meeting, made a few preliminary remarks, and in-

Hon. Charles Stewart.

roduced our member, the Hon Chas Stewart.

A great deal of Mr Stewart's address was devoted to the tariff, which he dealt with from various angles. Referring to the American tariff, he pointed out that this had not been passed yet. Even if it proved to be adverse to Canada, the situation would be met by the Government in a constructive way.

The Federal Government has made considerable tariff reductions in the past eight years, said the speaker. Benefits from this had been seen in the increased trade and general prosperity of the country. The treaty with Australia was noted, and the speaker said that, in spite of this, there had been a great increase in dairy products in the Dominion. Administration of the Parks Dept., which comes under the Dept. of the Interior, was also covered by the Minister, who showed the wide territory over which regulations have to be made effective.

Among the prominent Liberals present was Wm Ren, Pres. of the West Edmonton Liberal Ass'n.

LOCAL NEWS.

Chas Chesser, Mount Robson, is in town.

The annual meeting of the Stony Plain Curling Club will take place in the Town Hall on Tuesday evening at 8.30 o'clock, November 5th. All interested are requested to attend.

Monday morning's train from Vancouver was 6 hours late, owing to the derailment of a freight train.

Mr Ph Trapp has installed a new bake oven, and will now be supplying fresh bread every day.

Rifle Club's "Smoker"

Bigger and better, was the verdict of those who had the pleasure of attending the Rifle club's Smoker last week. The old reliable Sandy Macpherson was there, hitting on all four. The proceedings opened with the toast to the King and the singing of the National Anthem.

In addition to the redoubtable "Sandy" others who contributed to the program were: Geo Spike, comic songs and stories; Schlager Bros., violin and guitar; Gus Barth, piano solo; J P Gannon, Habitant recitation; Geo Powell, Scotch stories. Each number on the program was of a high order; and the interior decorations provided, left nothing to be desired.

October Weddings

A quiet wedding was solemnized at Bollingham, Wn., on Saturday, Oct. 19th, when Miss Amelia Newman (daughter of Mrs Newman of Stony Plain and the late Mr Newman) was united in marriage to Mr Andrew Bremner, son of Mr and Mrs Archibald Bremner.

On Wed. Oct. 23, at the Stony Plain United church, Miss Viola Witmer (daughter of Mr and Mrs Simon Witmer) was united in marriage to Mr John Miller of Vegre ville. The ceremony was performed by Rev G A Sander, the pastor. The edifice was filled with the relatives and friends of the contracting parties.

After Big Game.

A party of big game hunters, Messrs Hy Enders, Ph Eberhardt, Geo Schultz and Levi Stevens, left by motor yesterday for the hunting grounds west.

A motor party of four, headed by P Britton, from Turner Valley, arrived in Stony Plain Sunday evening, each carrying a special license to hunt in Forest reserves before the regular season opened, and were hunting for the nearest Forest reserve. They resumed their journey about midnight, headed for Rt. 21-w5.

The National Value of Radio

When the automobile began coming into use 25 or 30 years ago, it was looked upon as a luxury for the rich, another means of providing for their entertainment and catering to their enjoyment, but not to be regarded as a new means of transportation for the great masses of the people. Yet within the short span of a quarter of a century the automobile has revolutionized our habits and modes of living, until today the family that does not own a car is the exception, rather than the rule. At first it was the common practice to criticize the farmer who bought a car; now it is recognized as a practical farm necessity. What was to be a plaything of the rich has become the most popular means of transportation, and is seriously challenging the railways as carriers of freight for the shorter hauls. The automobile, too, has altered all preconceived ideas in road-building and the value and necessity of good roads.

Within even more recent years has come the discovery of the radio. This, too, was accepted at first as more or less of a plaything, something to provide pleasure in the form of musical entertainment in the home. Its value in this respect, especially in rural homes, and in towns and villages not enjoying the advantages which the large cities possess in the way of concerts and theatres, was quickly appreciated. Then came the broadcasting of grain and other market quotations, weather forecasts, live news bulletins, and information of general interest and value to the rural dweller, hours and days in advance of the time he would otherwise receive the same. As a result, within recent years, radio has been installed in tens of thousands of homes.

In a very notable way the value and influence of the radio has been extended in the last two or three years through the linking up of a number of stations through which programmes of exceptional merit are made available to all parts of the continent, even the world. One such chain after another has been created, but beyond one or two attempts, — notably the Diamond Jubilee broadcast from Ottawa, in 1927, — Canadian listeners have not had the benefit of Dominion-wide Canadian programmes, but have had to depend largely on United States stations.

All this is now changed, and this year Canada is being favored with Dominion-wide broadcasts, sponsored by large Canadian corporations, equal in every respect to the best that is presented in the United States. These Canadian programmes are now available several nights every week and the finest symphony orchestras and artists of the large Eastern Canadian cities can be heard in Western Canada homes. Not only so, but some of the outstanding musicians of Great Britain are being brought to Canada to broadcast over these Canadian chains.

In the past when outstanding statesmen like Rt. Hon. Ramsay MacDonald visited Canada, a comparative small number of people in Ottawa, Toronto or Montreal had the privilege of hearing him. On his recent visit to Ottawa, when he was the guest of the Government of Canada, at a late dinner, hundreds of thousands of Canadians from Halifax to Victoria, listened to his inspiring address in the Houses of Parliament. His plea for international goodwill and world peace, his insistence that these could only be achieved through a "will to peace" on the part of the people themselves, was listened to by hundreds of thousands, and received by them as a direct personal message, couched in homely language, and reinforced with all the sincerity of which Mr. MacDonald is capable. In other words, the Prime Minister of Great Britain was enabled to talk, not merely to President Hoover and Premier Mackenzie King, but to untold millions of people in the United States and Canada.

The national, yes, international, value of such addresses cannot be correctly estimated. The radio has become one of the most powerful factors in breaking down the suspicions, the ill-will, the fears, which exist and develop across international boundary lines. The fact that the statesman can thus appeal direct to the masses of the people, their own and those of other nations, must prove a tower of strength to the cause of true democracy and better world understanding.

Even so, the radio is still in its infancy. What wonders it will yet unfold to us in five, ten or twenty years, can hardly be imagined. It may bring improvements so vast, including television with the broadcasting of moving pictures and current happenings, and other developments as to make the radio achievements of today seem very crude indeed.

An Interesting Collection

Valuable Documents Presented To
Library Of Toronto University

A collection of historic documents, illustrations, maps, autographs and letters has been presented to the library at the University of Toronto by Henry Sprout. It includes the first example of typography in Upper Canada, a speech made by Sir John Graves Simcoe, a proclamation made at Newark in 1796, and letters from Sir Isaac Brock, William Lyon Mackenzie, Bishop Strachan and many other Canadians famed in history.

Eaerache

Heat an iron spoon. Place four drops of liniment and four drops of sweet oil in it, stir, and put one or two drops in the ear.

A New Musical Device

"Theremin" Has Tonal Quality
Similar To Cello Or Violin.

Now you can be a musician without ability. All that is necessary is to hum a tune, wave your hands over a gadget created by the Radio Corporation of America, and you get a fine musical effect.

The new device is called the "Theremin" and has a tonal quality similar to the cello or violin. It was displayed at opening of the radio world's fair recently, having a place in the exhibit because it is operated by two antennae.

LIFE WAS A BURDEN

Health Restored Through the
Use Of Dr. Williams' Pink
Pills

"I am writing to express my gratitude for what Dr. Williams' Pink Pills have done for me," says Mrs. W. J. Dowling, Tottenham, Ont., and further says: "I was so badly run down that I felt that life was a burden."

The doctor said my trouble was due to poor blood, but his medicine did not help me. My face was sallow, my lips bloodless and at the least exertion my heart would palpitate so violently that I would have to lie down. My feet and legs would swell and cramp, and all my friends thought I was in a decline. In this condition I was urged by a friend to try Dr. Williams' Pink Pills. I got three boxes, and to my delight, by the time I had used them I began to feel better. I got a further supply and kept on taking them. Daily I felt myself growing stronger. The color returned to my cheeks and lips and I felt a new interest in life. To sum up I can say that I am feeling fine, for which I give the credit to Dr. Williams' Pink Pills, which I strongly recommend to all weak girls and women.

A useful book, "Building Up the Blood," will be sent free on request by the Dr. Williams' Medicine Co., Brockville, Ont. Dr. Williams' Pink Pills are sold by all druggists or will be sent by mail, post paid, on receipt of price 50c. Try them today.

A Dangerous Stunt

In England "wing-walking," a "stunt" among airmen of leaving the cockpit of their planes and walking along the wings, is liable to cause a great strain on the smaller machines. The Air Ministry have announced that if the practice is not stopped, it will be prohibited.

Cornis cripple the feet and make walking a torture, yet sure relief in the shape of Holloway's Corn Remover is within reach of all.

Demonstrates New Form Of Rejuvenation Operation

American Surgeon May Throw Light
On Eternal Quest For Youth

Man's eternal quest for youth held the attention of a group of surgeons attending the American College of Surgeons' clinic recently, after Dr. V. D. Lespenasse, Chicago, demonstrated a new form of rejuvenation operation. Although the college has not given official sanction to this type of surgery, the operation is causing comment.

Phlebopneumectomy, meaning "vein to vein" in the surgeon's vernacular, forms the basis of Dr. Lespenasse's new technique. The surgeon joins certain veins in the lower abdomen, causing the blood to follow a different course and thus, it is claimed, revitalizing the glands. The operation does not involve the transplanting of glands or the use of glandular extracts.

Dr. Lespenasse, in 1922, performed a rejuvenation upon Harold F. McCormick, prominent Chicagoan. The surgeon said that his method had passed the experimental stage and has been used on many patients.

Dr. William A. Osborne, Melbourne, Australia, dean of the faculty of medicine and chairman of the cancer research committee of the University of Melbourne, was amongst those awarded honorary fellowships.

Business Not So Good

Wheelbarrow manufacturers, meeting in Chicago the other day, admitted that their business had dwindled to little more than the export trade and decided to make only 22 models instead of the 168 varieties they had been producing. One trouble has been that the wheelbarrow has no sport model.

Stop falling hair with Minard's Liniment.

Made North-West Passage

Attempt Of Hudson's Bay Fur Trading Ships Was Successful

Three ships engaged in the fur trade and owned by the Hudson's Bay Company have between them formed the dreaded northwest passage, according to news reaching the Hudson's Bay Company offices at London, England. The ships are the "Bay of Chimo," "Fort James," and "Fort MacPherson. The "Bay of Chimo" left Vancouver last July and sailing through the dangerous Behring Strait, reached Point Barrow on July 24, and Cambridge Bay on South Victoria Island on August 25.

Last year the schooner Fort James, under the command of Captain Bush, sailed from Montreal and having wintered in the ice, began with the coming of spring a long fight to reach King William Land. This vessel was joined, there by the "Fort MacPherson, which cruises within the Arctic Circle as a supply ship for trading posts and exploration purposes. The Fort MacPherson had sailed from Cambridge Bay, the farthest point reached by the "Bay of Chimo."

In this way, three vessels contracted to do what would have been impossible for one alone to accomplish. During the winter, locked in the ice, those aboard the "Fort James" endured great hardships and for most of the time were actually prisoners in the frozen waters. It is thought that the successful attempt to force this passage may mean that skins will be brought more quickly to Britain than in the past. An official of the Hudson's Bay Company declared that it remains to be seen whether such a journey is a commercial proposition. If this proves to be the case, the dangerous voyage from Vancouver through Behring Strait will be avoided.

High Grade Crop

According to the manager of the Canadian Wheat Pool, which markets the larger percentage of the wheat crop of Canada, most of this year's crop is grading No. 1 and No. 2, and there is so little of the lower grades passing through the elevators that hardly enough of grades 4, 5 and 6 can be found; to make up composite samples for grading purposes.

To Establish Sheep Ranch

It is reported that a sheep rancher in Nebraska has bought entire sections of land at Pimlgin, Alberta, along the river, upon which he intends to set out a flock of sheep numbering about 20,000 next spring.

Discovers New Anaesthetic

Toronto Doctor Mayes Important
Announcement At Meeting
In Chicago

Cyclopropane, a new anaesthetic gas which does not interfere with normal functioning of the body, was described by G. H. W. Lucas, of the Toronto University, Department of Pharmacology, at the eighth annual congress of anaesthetists in Chicago.

Lucas said the gas was in an experimental stage, having been administered only to animals as yet, but expressed great hopes for its early adoption by hospitals.

Her Little Boy Was Very Ill With Summer Complaint

Mrs. Ray Fisher, Lebrat, Sask., writes: "For over a month, last summer, my little boy was suffering from summer complaint. He got so bad there began to be traces of blood in his stool, and anything he ate would not stay on his stomach very long. He became so weak he could not stand up. A neighbor recommended

"Discouraged and in despair I sent for a bottle, not expecting any more benefit than from the many other medicines I had used, but to my surprise I noticed a change after he had taken a few doses, and before the bottle was half used he was the same happy, healthy boy he was before he took sick."

Put up only by The T. Milburn Co., Ltd., Toronto, Ont.

Alberta Wheat Pool Elevators
The Alberta Wheat Pool's 468 elevators are valued at \$6,000,000. Eighty-five elevators were built this year and 35 purchased.

Fatty food is most valuable in building up the nerves, according to medical scientists.

Needless Pain!

Nowadays, people take Aspirin for many little aches and pains, and as often as they encounter any pain.

Why not? It is a proven antidote for pain. It works!

And Aspirin tablets are absolutely harmless. You have the medical profession's word for that; they do not depress the heart.

So, don't let a cold "run its course." Don't wait for a headache to "wear off." Or regard neuritis, neuralgia, or even rheumatism something you must endure. Only a physician can cope with the cause of such pain, but

you can always turn to an Aspirin tablet for relief.

Aspirin is always available, and it is never too late to help. Familiarize yourself with its many uses, and avoid a lot of needless suffering.

ASPIRIN

TRADE MARK REG.

Dominion In Very Forefront Of Nations Adopting Aeroplane For Purposes of Business and Industry

An Eastern paper remarks that Canadian east of the Great Lakes are too much inclined to believe that at the present stage of the national development, they represent the extreme of progress and that the west's claims to distinction lie more in potentialities than in actual achievement. Yet in one great, and the latest, side of that development, the east is mainly responsible for the current thoroughly erroneous conception of Canada's proper place in the field of aviation. In fact, many benighted Easterners must have learned with unfeigned surprise that in the year 1928 more passengers were carried by airplane in Canada than was the case in the United States, and that this superiority also extended to the volume of freight transported. This rather astonishing piece of information was recently supplied by the New York Times, with the comment that, as the Dominion's flying record is largely established out of sight of reporters and camera men, only occasional flashes reveal the expansion that has placed Canada in the very forefront of the nations that are adapting the airplane to the purposes of business and industry.

It is surprising, remarks the Times, to learn that Canada last year carried 74,689 passengers by plane, and 2,489,632 pounds of freight, Eastern Canada however, contributing only a comparatively minor proportion to this business of the airways. The only regular passenger route in the East is between Montreal and Albany, New York, though air-mail routes are more numerous and are steadily being extended to link up isolated and outlying points with civilization. But Easterners are not, generally speaking, developing airmindedness, most of the 74,689 passengers mentioned by the Times being carried in areas where railways are not available and where the only method of transportation is a dog team in winter or a canoe in summer.

On the other hand, the New York paper notes, miners and prospectors have been quick to recognize the advantages of air-flight, and in northern Ontario and northern Manitoba freely use the airplane, thus saving weeks, or even months, when journeying to remote or inaccessible regions. Governments, too, are finding the airplane an invaluable assistant in the survey and plotting of the bleak and inhospitable region of the sub-Arctic, and before long few parts of the country will remain that have not, at least, been observed. Forest patrolling is now, of course, an old story, but the airplane as a means of fire protection and fire prevention is each year becoming of greater importance. In short, the development of the northern belt of the Dominion has been immensely expedited by the utilization of airplanes. One Winnipeg company is cited as having last year carried over 10,000 passengers, accelerating noticeably the exploring of mineral areas and knowledge of topographical conditions.

From the Back Seat

Turn to the right, John! More to the right . . . Now a little bit to the left! Too far—I told you so . . . Back—that's right—back a little more . . . Turn it! John! That's it . . . No! Will you ever get it? . . . Gently . . . Ah, now we can sit back in comfort . . . Leave it there John . . . I knew if I told you how to do it, you'd get station KOA.

"Have you heard that Millers are having a divorce?"

"Why?"

"For love. They are afraid their love may not last." — Muskegon, Vienna.

—W. N. U. 1909

Alberta Co-Operative Association Membership In Lethbridge Organization Is Increasing Rapidly

At the close of its ninth year of business, the Southern Alberta Co-operative Association, Lethbridge, had 1,635 members in place of the 40 provisional members of 1923. Five hundred new members came in last year when business aggregating \$879,345 was put through. Produce marketed took 660 cars while stock included 28,700 hogs and 6,000 sheep.

MODIFIED PRINCESS LINES

A fascinating new model with distinctive flared treatment, typically Parisian, with its chic swooping lines. It is brown sheer velvet with crisp collar and deep flaring cuffs in exquisite shade of chateau green crepe satin accented by pleated ruffles and buttons of the brown velvet.

Style No. 697—that is designed in sizes 16, 18, 20 years, 36, 38, 40 and 42 inches bust, can be copied exactly at an amazingly smart amount.

The curved hip line adds charm and interesting length to the silhouette which makes it so suitable for larger women.

It is very chic in dull black silk crepe with collar and cuffs in egg-shell shade.

Black crepe satin is effective with the hip yoke and flaring skirt sections, collar and cuffs cut of the dull surface of the crepe, and makes a very serviceable daytime dress for the women of limited budget.

Hunter's green, canon crepe with beige contrast, printed sheer velvet in raspberry red tones, Copenhagen blue silk crepe and Lucerne blue sheer velvet charming selections.

Pattern price 25 cents, in stamps or coin (coin is preferred). Wrap coin carefully.

Boy Scout Activities

Christmas Toy Repair Shops For Sending Out Toys To The Children Of New Settlers

Last Christmas the Boy Scouts of Canada had the rare privilege of playing Santa Claus to many thousands of children, little New Canadians. In Saskatoon, toy shops were opened in nine centres where toys were repaired and distributed by the Scout Association to some thousands of children both of new settlers and of veterans.

Something of what this meant in happiness to the children themselves, and to their parents, was suggested by many touchingly appreciative letters. In many cases the packages, with something for each child, came almost literally "out of the sky," like old Saint Nick himself, and turned a day of dreared loneliness—with nothing for the kiddies—into a day of laughter and happiness.

This year, in addition to the remembrance of local needy children, it is hoped to again make happy at least 5,000 New Canadian kiddies on the farms. Already a list of 800 new arrivals this year on prairie farms, has been received.

Some difficulty has been experienced in mailing to cover the cost of mailing the parcels. The following device has been suggested, that parcels for certain families be made up and addressed with the amount of postage required marked, and displayed in a store window along with a toy display, and a placard reading:

Santa Claus' Helper Need Help Step inside and help Santa Claus by paying the postage on a parcel going to the kiddies of a family of new settlers spending their first Christmas on a Canadian farm in the west. The parcels were prepared by the Boy Scouts.

Makes Success As Farmer

Wins Cup For Best Farm In Province Of Alberta

The farm of Gustav Elger, of Wetaskiwin, that won the trophy offered by the Edmonton Board of Trade, for the best field of wheat in the northern half of the province, as well as the cup donated by the Alberta Government for the best farm in Alberta, has yielded 46 bushels to the acre, on a 100 acre field, and graded No. 1 hard. The seed used had been developed by Dr. Seager Wheeler, of Rosthern, Sask. Elger is another farmer who came to Canada with no capital at all and has made a striking success as a farmer.

The lichen, which appears to be one plant, in reality two; one being a fungus which provides support and protection for the other which manufactures the food for both.

AMERICAN WOMAN AVIATOR

May Hazlip, one of America's foremost women fliers, who will pilot an Eagle biplane in 1929 national air tour for Edsel B. Ford reliability trophy. It is expected some 45 or 50 aeroplanes will take-off in flight, which will cover Canada and the United States.

Canada Now Ranks Fifth In Total Trade of World and Leads In Exports of Wheat

A Growing Industry

Egg Production In Canada Shows Consistent Increase

Illuminating and instructive in various ways is a comparison of the quantity and value of the farm eggs produced in Canada last calendar year and the corresponding figure for each of the seven years preceding. The result reveals clearly the consistent and unbroken progress made by the egg industry in the Dominion during that period: Intelligent and unremitting attention to improving the laying ability of the hen has brought a constant increase in the average production per unit until today it is nearly 22 per cent. greater than the average eight years ago. Within that period the number of egg-producing hens on Canadian farms increased by over 32 per cent., the number of eggs by approximately 60 per cent. and their total value by well over 100 per cent.

The progress made recently in egg production has been very considerable. Imports of shell eggs in 1928 were about the equal of exports, the Dominion for the first time over a considerable span producing sufficient eggs to meet the country's domestic requirements. Consumption of eggs in Canada has increased very largely, the Dominion being the heaviest egg consumer per capita in the world. But production is rapidly coming to take care of this situation, and the outlook in this regard is distinctly bright. In the early months of 1929 imports of eggs into Canada have been, on the whole, smaller than in the corresponding months of 1928, though it is to be noted also that exports are also correspondingly smaller.

Government Sheep Moved

Two Thousand Brought To Lethbridge From Crow's Nest Mountain

The loading of nearly 2,000 sheep, which during the summer have been pastured in the vicinity of Crow's Nest mountain, was completed lately, and they were transported from Sentinel to Lethbridge Experimental Farm via C.P.R. Arthur Newman, assistant superintendent in charge of livestock, stated that the sheep have thrived on the splendid grazing which the mountain ranges afford. Geo. Walker, of Lethbridge, was in charge of the big flock during the summer, and was assisted by H. M. Dingwall.

Canada ranks high in production and international trade among the leading commercial nations of the world. In production she leads the world in output of newspaper, nickel, asbestos and cobalt; she occupies second place in the production of wheat and third place in the output of lead and gold.

In export trade she leads the world in exports of wheat, newspaper, nickel, and asbestos; she occupies second place in exports of wheat flour, and third place in exports of wool pulp.

According to most recent comparative statistics available for the calendar year, 1928, Canada occupied fifth position in aggregate trade as also in imports and exports among the leading commercial nations of the world; second position in export and total trade per capita; third place in favorable trade balance and second place in favorable trade balance per capita.

These striking facts are revealed in the thirty-seventh annual report of the department of trade and commerce compiled by F. C. T. O'Hara, deputy minister.

The report reveals a decided trend towards increasing direct trade with foreign countries rather than through the United States or the United Kingdom as formerly; increased percentage of exports of fully or semi-manufactured goods and increased utilization of Canadian ports for both incoming and outgoing trade.

Mainly responsible for this trend in Canada's trade is the subsidizing of steamship lines operating from Canadian ports to South America, Australia, New Zealand, the Fiji Islands, West and South Africa, also to Newfoundland and Canadian coastal routes. New trade treaties with leading commercial nations of the world have also benefited Canadian foreign trade.

The expenditure on mail subsidies and steamship subsidies during the past fiscal year totalled \$1,026,375, an increase of \$181,782 over the preceding fiscal year. The service to South and West Africa, centred over eleven million dollars worth of Canadian goods to ports in those countries during the past fiscal year. During the first seven months that the service to South America was in operation nearly twenty thousand tons of Canadian cargo were carried. Since then the trade on this route has greatly increased.

To keep abreast of the ever-changing tariff regulations of commercial nations of the world, the department has established a foreign tariffs division and inaugurated exporters and importers directories.

Bring Out British Boys

Saskatchewan Government Has Decided To Increase Quota

Next Year Saskatchewan has decided to increase its quota of British boys under the Government aid scheme by which the Imperial, Federal and Provincial Governments, each bear one-third of the cost, according to Hon. J. F. Bryant, who pointed out that during the past year 106 boys have been absorbed under that scheme and that the coming year the quota would be doubled.

A sackload of bear claws, believed to have been worn by Chief Sitting Bull, has been received by the San Diego Museum.

Wife: "What did the doctor say after he had examined you?"

Husband: "That there was not much wrong with me only that my heart had nearly stopped beating."

WORLD HAPPENINGS BRIEFLY TOLD

The Royal Canadian Mounted Police have the right to enforce the Manitoba liquor laws, Magistrate Ridyard decided in the case of Alfred Charnand, at The Pas.

John M. Allen, Brandon, and Lachlan McNeil and James Carruthers, Winnipeg, have been named Manitoba members of the Canadian Farm Loans Board.

While his plane dashed to earth in a tall spin, Lieutenant John Seligman, army pilot attached to Mitchell Field, dropped more than 2,000 feet with a parachute and escaped with only a wrenched ankle.

Losses suffered by the government of British Columbia on land settlement schemes launched since the war will total \$5,278,000, according to an estimate prepared by special auditors who have been making an intensive investigation of the province's finances.

Canadian surgeons who accepted the fellowship in the American College of Surgeons, included James E. Mason, Stettler, Alberta; Frank P. McNamee, Kamloops; Cyril Stanley Williams, Trail; George P. Bawden, Moose Jaw, and Samuel Harvey Corrigan, Lampman, Saskatchewan.

A noted figure in Canadian military circles died at Quebec in the person of Major-General Alfred O. Paget, former officer in command of the Canadian training camp at Valcartier, Quebec. At the close of the Great War, Major-General Paget retired on pension.

Of the candidates examined by the radio branch of the Department of Marine and Fisheries, during the month of September, those successful in obtaining commercial certificates of proficiency in radio-telegraphy, included B. W. P. C. Maylor, Vancouver, and L. H. Ferris, Regina.

From the Arctic to Cuba by canoe—that is the plan of Charles Plimshank and his two youngsters, Inez, 9, and Anthony, 8. More than six months ago, the family of three went north from The Pas, Man., and since then they have journeyed 3,500 miles by dog sled and canoe.

Direct diplomatic relations between Canada and Japan were established when Hon. Isenaha Tokugawa presented his credentials at Government House, and at the Department of External Affairs. In a brief ceremony the letters of credence were read and the Japanese minister welcomed at Ottawa.

British Industries Fair

Canada To Be Well Represented At
Fair To Be Held February
17th To 28th.

The Deputy British Trade Commissioner announces that the sixteenth annual British Industries Fair will be held next year from February 17th to 28th, inclusive, at London and Birmingham, England. The two sections are complementary to one another, the whole forming the British Industries Fair.

The London section of the fair, which is organized by the British Government Department of Overseas Trade, will be held for the first time in its new home at Olympia. Canadian buyers who have visited the fair in the past will remember that for the last few years it has been held at the White City, in London. Owing to the growth of the fair it has been found that the White City buildings are not now suitable. It has therefore been decided to move the fair to Olympia, which is being especially enlarged for the purpose by the addition of a four-story building. The new building will not actually be completed until the 1931 fair, but two floors, in addition to the existing building, will be ready for occupation by February next. By means of bridging the galleries and other reconstruction work, there will be ready for the forthcoming fair a large two-story building which is believed to be the first of its kind and size in the United Kingdom. Up to the 12th of August last, 800 United Kingdom manufacturers had applied for space at Olympia. Although no definite number is available, it is believed that the applications for space at Birmingham have been made by approximately 300 firms.

The Empire Marketing Board, which is organized under the auspices of His Majesty's Government, will again stage a representative exhibit of food products of the Mother Country, the Dominion and Colonies, and also of the raw materials of the Empire. This exhibit will be given a prominent position on the ground floor of the existing main hall at Olympia. In addition to this there will be a separate exhibit by the Canadian Government, and it is anticipated there will be a representative Canadian Manufacturers' section.

Many Canadian buyers are expected to visit this great national fair. The most prominent British firms in all lines of manufacture will be exhibitors. The exhibits are grouped by trades, so that a buyer can go to any section in which he is interested and inspect it without wandering over the whole of the fair building to discover any particular article or firm.

Canadian buyers who visit the fair each year have on numerous occasions drawn attention to the time which they have saved by a visit to the fair. By such a visit they avoid the necessity of having to travel over the United Kingdom to purchase from the various manufacturers in whose goods they are interested. The schedule of exhibits in both the London and Birmingham sections cover practically every article of United Kingdom manufacture. Full information can be obtained from the British Trade Commissioner, 703, Royal Bank Building, Winnipeg, who will be glad to issue invitations on behalf of the British Government to business men who contemplate making the trip.

Has Furthered Understanding
Dr. Nicholas Murray Butler, president of the Carnegie Endowment for International Peace, told the Institute of International Law, at New York, that "Premier MacDonald and President Hoover, in their recent conferences did much more toward furthering an understanding between the nations than could have been done in 40 years of diplomatic procedure."

Conquers Asthma. To be relieved from the terrible suffocating due to asthma is a great thing, but to be safe guarded for the future is even greater. Not only does Dr. J. D. Kellogg's Asthma Remedy bring prompt relief, but it introduces a new era of life for the afflicted. Systematic inhaling of smoke or fumes from the remedy prevents re-attacks and often effects a permanent cure.

Alaska can produce 1,500,000 cords of pulpwood annually which can be converted into 1,000,000 tons of newsprint or more than one-fourth of the present yearly consumption of the United States.

Extra Rich Milk Is Used In Famous Bohemian Cake

Practical foreign recipes are always of interest to the housewife anxious to vary the menu. This molasses cake is decidedly different, and yet is easily made if you have extra rich milk on hand. Borden's St. Charles is particularly satisfactory, because it is twice as rich as ordinary milk, taking the place of cream in a cake of this kind. It never varies in quality; consequently you can count on uniform results in every kind of cooking.

Bohemian Molasses Cake
½ cup butter.
2 cups sugar.
1 cup molasses.
½ cup black coffee.
2 eggs.
1 teaspoon baking soda.
½ cup Borden's St. Charles Milk.
2 cups flour.
1 teaspoon ginger.
Cloves.
Cinnamon.
Allspice.
½ lb. raisins.

Cream together half a cup of butter, a cup of sugar, a cup of molasses, half a cup of black coffee, two yolks of eggs, and a teaspoon of baking soda, dissolved in one-half cup St. Charles Evaporated Milk. Then add two cups of flour, a teaspoon of ginger, a dash of cloves, cinnamon and allspice, also half a pound of raisins, if desired. Bake rather slowly.

When done and cool, cover with icing, as follows: Beat the two whites, pour into them, beating constantly, syrup made by boiling a cup of sugar with a fourth of a cup of Borden's St. Charles Milk.

Mothers can easily know when their children are troubled with worms, and they lose no time in applying a reliable remedy—Mother Graves' Worm Exterminator.

A spider has eight legs and from six to eight eyes.

SUNDAY SCHOOL LESSON

NOVEMBER 3

RESPECT FOR RIGHTEFUL AUTHORITY

Golden Text: "Let every soul be in subjection to the higher powers."—Romans 13:1.

Lesson: Mark 12:13-17; Romans 13:1-4; 1 Peter 2:13-17.

Devotional Reading: Matthew 5:13-20.

Explanations and Comments

Jesus Teaches Respect For Law. Mark 12:13-17.—The Pharisees had resolved to compass the death of Jesus. How could they accomplish this? They decided to attempt to ensnare Him in His talk, so that they could report something He said as treason, and thus secure from the Roman Governor His death sentence. Craftily keeping themselves in the background, they sent certain Pharisees and Herodians to Him with that object in view. The Herodians were the court party, a small class who resented the Roman rule, but favored the kinship of the house of Herod and meant to be on good terms with the government at any cost. This alliance of Pharisees and Herodians, however, shows how great was their common hatred of Jesus.

"Teacher," the deputation began, "we know that Thou art true, and carest not for any one; for Thou regardest the law of men, but of a truth teachest the way of God." By this preamble they meant that the question they were about to propound was a dangerous one to answer, but they knew He was not afraid of consequences.

Then came the question His enemies wished Him to answer. "Is it lawful to give tribute unto Caesar, or not? Shall we give, or shall we not give?" Caesar was the title given to Roman emperors; the reigning emperor at this time was Tiberius. The tribute was the yearly tax levied on individuals by the Roman Government. Whatever answer Jesus might give would arouse hostility to Jesus. If He said that it was lawful to give tribute, the people would condemn Him; and if He said that it was not lawful, He would be reported to Pilate as a rebel.

"Bring me a denarius, that I may see it," Jesus commanded. Strict Jews would not carry a denarius, for they held that the emperor's image upon it savored of idolatry, but one was easily obtainable from the money changers. When it was brought to Him, Jesus asked, "Whose is the image and superscription?" "Caesar's," was the answer. "Render, unto Caesar the things that are Caesar's," and then Jesus quickly added, "And unto God the things that are God's." While discharging the duties imposed upon them by human conditions, men must never lose sight of the duties imposed upon them by their relationship to God.

And they marvelled greatly at Him, at the ease with which He gave an answer that was irrefutable and at the same time evaded the difficult position into which they had thought

Chew and Grow Thin

You know that certain foods furnish body energy without adding uncomfortable fat.

Sugar is one of these foods, supplying needed energy in concentrated form.

WRIGLEY'S gives you sugar and flavor. These ingredients dissolve in your mouth.

What pleasanter way of taking sugar?

to put Him, and at the way in which He turned the question away from the realm of politics into that of religion.

Ready-Made Medicine.—You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Electric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains it is unsurpassed; while for cuts, sores and the like, it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

Regina Building Operations

Building operations in Regina continue uninterrupted. Up to the end of September amounted to about \$9,000,000, which is more than double the figure for the similar nine month period of last year.

Magnesia Best for Your Indigestion

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diets, harmful drugs, stomachics, and artificial digestants, and instead, take a little Magnesia, never dread the approach of meal time because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize stomach acidity, sweeten the stomach, prevent food fermentation, and make digestion easy. For those who are unable to get Blasted Magnesia especially prepared for stomach use.

WINDOLITE

MADE IN ENGLAND

WINDOLITE stands for 100 per cent. sunlight. It makes light hit strong windows or little windows, dairy stalls, poultry houses, brooders and all out buildings. It is economical, unbreakable, flexible and is easy to cut and fit. It is now being successfully used for greenhouses, hot beds, plant coverings and greenhouses. It keeps out cold—will not crack or chip—cuts with ordinary hand saws and is easy to fit. WINDOLITE is supplied in rolls any length but in one width of 36 inches only. A square yard of WINDOLITE weighs about 14 lbs. A square yard of glass of ordinary thickness weighs about 135 to 150 lbs. The improved WINDOLITE requires no varnish. WINDOLITE is made in England.

Price \$1.50 Per Square Yard, L.O.B., Toronto.

Use WINDOLITE and let

The Improved Glass Substitute

COMES WITH A MESSAGE OF HEALTH

THE sun is the all-powerful life producer. Nature's universal disinfectant and germ destroyer, as well as an invigorating tonic. WINDOLITE is the sun's most important ally.

Medical research has definitely proved that from the point of view of Health and Hygiene, the most effective among the sun's rays are the Ultra-Violet rays, which possess the greatest power for the prevention and cure of disease and debility.

Science has further established that ordinary window glass does not allow the passage of Ultra-Violet rays, so that by using glass we are artificially excluding these vital health-giving rays. Therefore, the invention of WINDOLITE has completely satisfied the long-felt want. Exhaustive experiments have conclusively proved that it is a most effective substitute for glass. It not only admits the Ultra-Violet rays, and that its use has a most beneficial effect on the growth and development of plants and chickens and on the well-being of cattle, enabled for the first time to have healthy light instead of darkness in their shade.

Indeed, the discovery of WINDOLITE has during the last six years completely revolutionized gardening, given a new stimulus to poultry breeding, increasing the egg-laying capacity and fertility of chickens, has greatly improved the health of cattle and is now being used in domestic and household requirements.

ITALIAN MINISTER TO CANADA MAY BE APPOINTED

Ottawa.—The appointment of an Italian minister to Canada was forecast in cable despatches received here that Agostino Ferrante Di Rufano, Italian consul-general here, would soon be transferred to Philadelphia and that he will be succeeded in Ottawa by Count Delino Rogeri Di Villanova, counsellor and senior assistant at the Italian embassy in London, England.

The despatches forecasting that Italy would ultimately follow the example of the United States, France and Japan, by appointing a minister to the Dominion has caused considerable interest in government circles. Some time ago there was a similar report with respect to Germany. The Department of External Affairs would make no official comment with regard to either report. However, there is a general impression that Canada's diplomatic services abroad will be extended. Germany and Italy appear as likely countries with which Canada would next exchange ministers.

Marquis Ferrante, in an interview, said that he knew nothing of reports emanating from London that his government would appoint a minister to Canada. "It is quite possible," he is quoted as saying, "but it may not be for some time yet."

Receive Severe Sentence

Chinese Dealers. In Narcotics. Given Long Jail Term

Vancouver, B.C.—Traffickers in narcotics received severe sentences at the close of the fall assizes, when Mr. Justice D. A. MacDonald sentenced Henry Chow, 25-year-old Chinese, to seven years in the penitentiary, a fine of \$1,000 and 10 lashes. Chow was convicted of having cocaine and morphine in his possession.

Nip Gar, alias Jang Shue, 35-year-old Chinese woman, convicted of a charge of selling opium, was sentenced to seven years imprisonment and fined \$1,000.

Will Investigate Tariff

Advisory Board To Discuss Applying To Cotton Goods

Ottawa.—The reference from the Minister of Finance to the tariff advisory board to investigate the fifty per cent. British content provision in the preferential tariff applied on cotton goods from Britain coming to Canada, will open a new chapter, November 7. This was decided by W. H. Moore, chairman of the board, following a conference lasting all forenoon between members of the board and representatives of the British high commissioner's office.

Sailing November Thirtieth

Tokio.—The Japanese delegation to the London naval conference in late January, will sail from here for Seattle on November 30, proceeding from that city to Washington for a visit with President Hoover and Secretary Stimson before going to London.

Succeeds Dean Ling

Saskatoon.—Dr. R. A. Wilson, head of the English Department of the University of Saskatchewan, has been appointed to the educational council of the province, succeeding Dean G. H. Ling, also of the University. Premier J. T. M. Anderson announced. The appointment is effective immediately.

Have No Political Rights

Mexico City.—The Department of Interior has ruled women have no political rights in Mexico, and hence cannot vote in the presidential elections November 17. Its ruling was in answer to a query of women's clubs in the state of Coahuila.

Will Meet As Friends

London, England.—Two war opponents in German East Africa, General von Lettow-Vorbeck and General Smuts, will meet at a dinner of British and South African soldiers, sailors and nurses here on December 2. Smuts will propose a toast to his former opponent.

W. N. U. 1869

Spirit Of The West

Nothing To Worry About, Newspaperman Tells Easterners

Toronto.—"The spirit of the west is steady and hopeful," said Times Miller, of the Moose Jaw Times, here for the meeting of the directors of the Canadian Press. Mr. Miller is a well-known western newspaper man and was a charter member of the Western Associated Press when it started in Winnipeg, 22 years ago. Also he farms himself on a considerable scale, being interested in three sections, nearly 2,000 acres, under cultivation in Saskatchewan.

"This is not a bad economic crop for the west," he said, "with 250,000,000 bushels of high-grade wheat. There was a great saving in operating cost, because we did not import a single harvester, farmers farming the crop with their own labor, the combine harvester now widely in use being in part responsible. Of course, there are cases of individual hardship, some farmers not even saving seed, but these are being taken care of by municipal and farmers' organizations, and it is unlikely it will be necessary to ask Ottawa for financial help as was the case some years ago."

"We expect to get higher prices and the sentiment of the west is behind the Wheat Pool in refusing to sell at bargain rates, proof lying in the fact that farmers not in the pool are also holding wheat for a rising market."

"Looking to next year, there were good rains east of Regina a fortnight ago, but not in the Moose Jaw district. The astonishing thing this season has been the remarkable showing of numerous fields needed to spring wheat, where not a drop of rain fell throughout the growing season, and yet a 12 to 12-bushel crop was reaped. Our prairie soil is not like your soil down here, because when we get rain it goes into the ground and does not wash away. It is a remarkably open season, and we may get good rains yet, but if we do not there will be snow and frost seepage in the spring and good rains in May and June will put the crop on the feet. But it is too early to talk about the 1930 crop. Tell people in the east there is nothing to worry about in the prairie west."

New Claimant For Earldom

Third Man Is Disputing Claim Of

Alberta Rancher

London, England.—The dispute over the right to the earldom of Eglmont, and the extensive estates near Ringwood, in Hampshire, has been complicated by the appearance of a third claimant, namely, R. Power, retired captain of H.M. Coastguard, who claims to be a descendant of Hon. Philip Tufton Perceval, a brother of the fifth earl, Frederick Perceval, of Frides, Alberta, is at present disputing the earldom with James William only 66-year-old bachelor of North London. The Alberta man was believed to be the heir presumptive during the late earl's life and on the death of the earl came to England, and for a brief time occupied the estate.

Less Unemployment In Britain

Montreal.—While unemployment is still a serious question in Great Britain, it is not so manifest as one might expect, according to A. T. Weldon, vice-president of the Canadian National Railways who has just returned from a trip abroad. The country as a whole, has the appearance of growing prosperity.

Will Be Guest Of Honor

North Battleford, Sask.—Premier J. T. M. Anderson will be the guest of honor at the annual rally sponsored by the Board of Trade, which will be held here Tuesday, November 12. More than 2,000 people attended the function last year when farmers from all parts of the district came in for the day's entertainment.

Relief Fund For Miners

London, England.—The fund for relief of distress among the families of unemployed coal miners has been reopened for the coming winter. Various grants have already been allocated and altogether about \$250,000 will be spent. The distribution of relief will take the form entirely of clothing.

GEOLOGIST RETURNS FROM NORTH

Fears for the safety of Geoffrey Gilbert, above, geologist with the Dominion Explorers, have been allayed by the news of his arrival at Fort Simpson. He was to have been picked up by the MacAlpine party and for a time it was not known whether he had been forced down with them or was awaiting their arrival. "Punch" Dickins brought him and three others out during an unsuccessful flight to locate the MacAlpine party.

Believes Draft Satisfactory

Manitoba Cabinet Discusses Agreement For Return Of Resources

Winnipeg.—Fetitive draft agreement for transfer of natural resources will probably be satisfactory to Manitoba, believes Hon. Charles Stewart, Minister of the Interior. The Dominion minister conferred with members of the Manitoba cabinet on the first occasion for informal discussion of the draft.

With certain modifications suggested at the conference, the draft was considered to meet with the approval of the government. "Every member of the cabinet was present, with the exception of Premier John Bracken, who is absent in the Old Country. Application of the Manitoba Power Company for extended pulpwood limits is to be considered at a conference to be held on Mr. Stewart's return from the west."

Plans For Convention

Dominion Breeders' Association To Meet In Regina Next Month

Regina.—Preliminary arrangements for the convention of the Dominion Breeders' Association to be held in Regina, on March 24 to 28, 1930, were given attention by the Saskatchewan Livestock Board, at a recent meeting. A committee to take charge of these plans was appointed. It consists of C. M. Leamouth, J. G. Robertson, D. T. Elderkin, and R. A. Wright.

These Canadian Breeders' Associations meet in Toronto customarily, having met in the west previously only once. That was in Calgary a number of years ago. They are meeting in Regina, in 1930, on the invitation of the Saskatchewan Livestock Breeders and the Regina Board of Trade.

To Take Over Branch Lines

Statement Made That C.N.R. Will Operate Cranberry To Sheritt-Gordon Branch

Winnipeg.—Announcement is made that the branch line from Cranberry to the Sheritt-Gordon mine at Cold Lake will be taken over by the Canadian National Railways at the end of October.

It is expected that when the branch is taken over there will be a tri-weekly passenger service to and from The Pas and a daily freight service.

H. MacLean, president of the Dominion Construction Company, stated that work on the branch had been completed well ahead of schedule.

Local mining men believe that the taking over of the line by the C.N.R. will lend great impetus to mining in Northern Manitoba. Work on many promising prospects have been held up by this state, because of the exorbitant cost of taking machinery into the Cold Lake mining area by winter trails.

Renews Arts Competition

Eight Prizes Are Again Offered By Lord Willingdon

Montreal.—Lord Willingdon, Governor-General of Canada, has informed Sir Arthur Currie, principal of McGill University, by letter of the renewal of the Willingdon arts competition, inaugurated last year. Eight prizes in all are offered with a view of furthering and encouraging cultivation of the fine arts. Four prizes of \$100 each are offered for competition in music, two in literature of \$100 each, one in painting of \$100, and one prize in sculpture of \$100.

Freight Rates Hearing

Board Of Railway Commissioners To Consider Cases East And West

Ottawa.—Two important hearings before the Board of Railway Commissioners will likely take place this fall, when the request of the maritimes for lower grain rates over the transcontinental railway provinces. It is expected, however, that these will be set within the next day or so.

No dates have yet been fixed for these hearings, and as yet no formal application has been received from the maritime provinces. It is expected, however, that these will be set within the next day or so.

League Receives Notes

Geneva.—The secretariat of the League of Nations has received from the Canadian Government for registration and publication, copies of notes exchanged August 2 and September 19, 1928, by Canada and the United States with reference to an agreement for the exemption of shipping companies from income tax.

Ottawa.—A 17-year-old Indian boy showed modern agriculturists how to do their stuff recently and won first prize in the international plowing contest against 369 opponents. George Barlow was the winner. He owns a farm, which he bought himself at Middleport.

GRAIN STORAGE CRISIS BELIEVED TO BE NOW OVER

Winnipeg.—The grain storage crisis has passed. Yawning bins at country points contain more than enough storage space to accommodate the unmarketed portion of the 1929 crop. Farmers' deliveries are falling off and are being balanced by the movement to the lake head. And lake head bins are being kept level by grain boats steaming steadily eastward.

Attentive observers of the western storage situation regarded these omens with relief. They looked back on the car-raiding move during the first half of October by both the Canadian National and the Canadian Pacific railways; they remembered the fear a month and more ago that Fort Arthur and Fort William elevators might soon be filled to overflowing and that the yards would be crammed with loaded grain cars.

Just 60,000,000 bushels of wheat remain to be hauled to the country elevators by prairie farmers. It was estimated. And aggregate country storage on October 23—after a drop for the second successive day following continued rise for weeks—stood at 86,640,000 bushels. The bins still have capacity for more than 72,000,000 bushels, allowing range for 12,000,000 bushels of undelivered grain in addition to the wheat.

With grain deliveries falling off at present, it is considered only a matter of time before movement to the lake-head will show a corresponding drop. Handlers of the grain are desirous of having no more grain at hand in terminal elevators after the lake shipping season closes in November than is necessary to accommodate their winter needs. It is more economical storage in local elevators to the greatest possible extent.

Urges Free Speech

Best Way To Deal With Communists Says Miss McPhail

Toronto, Ont.—Miss Agnes McPhail, Canada's only woman member of parliament, in an interview referring to trouble between the local police and Communists, said:

"My opinion of the way to deal with the matter is to let the Communists have free speech. In the words of some one who spoke about Hyde Park, in England, Queens Park might be a real safety valve for Toronto emburthened Communists. The police have been making themselves the laughing stock of all thinking people. It is the silliest business I have heard for some time."

Sails To New Fields

Gall-Curi Aims For A Big Season To Tour the Orient

Regina.—Madame Gall-Curi will sing at the Armouries, Regina, on Wednesday, November 6th, before she sails to a new field, almost the final one on the globe that her rare voice and personality have not already charmed. The diva's tour of the cities of Japan and China, with concerts also at Manila, in the Philippines, starts in February and ends in early summer.

For a number of years letters have been coming to Messrs. Evans and Selinger, managers of Madame Gall-Curi, insisting that the diva be spared by America long enough to tour the Orient. It was exactly the name, this long and positive insistence, before the diva made her tour of the British Isles, and later made a still more extended singing journey to Australia and New Zealand.

This season again starting in early October, the famous singer is booked solidly in concert for November and December. Again in January and the opening of February she is engaged for her usual opera appearances at the Metropolitan. Then comes the Gall-Curi tour in lands on which the sun rises first.

This Chinese Free Macons of the World in their convention at San Francisco pledged \$100,000 for a peace temple in Shanghai.

Munich, Germany, was founded by the monks.

ZINC PRODUCTION IN CANADA

Zinc is one of the metals of which Canada now produces a heavy exportable surplus, the last few years having witnessed a rapid increase in the spread between domestic production and consumption. According to figures published by the American Bureau of Metal Statistics, the Canadian output of zinc last year amounted to about four times the domestic consumption. British Columbia accounts for much the greater part, with Quebec as the other main contributor. Incidentally, the growth of production has converted zinc from a minor to a highly important item in Canadian mineral production, the value of the output last year exceeding ten million dollars.

SEALED TENDERS addressed to
the undersigned and endorsed
"Tender for new Federal Building,
Camrose, Alberta," will be re-
ceived until 12 o'clock noon, Tues-
day, October 26, 1929, for the con-
struction of a new Federal Building
at Camrose, Alberta.

Plans and specification can be seen
and forms of tender obtained at the
office of the Chief Architect, De-
partment of Public Works, Ottawa,
the Resident Architect, Asst. Receiver
General's Bldg., Calgary, Alta., the
Postmaster, Camrose, Alberta,
and Frank P. Morris, Architect, 12112
—100th Avenue, Edmonton, Alta.

Bids prints can be obtained at the
office of the Chief Architect, De-
partment of Public Works, by depositing
an accepted bank cheque, payable to
the order of the Minister of Public
Works which will be returned if the
intending bidder submit a regular bid.

Tenders will not be considered un-
less made on the forms supplied by
the Department and in accordance
with the conditions set forth therein.

Each tender must be accompanied
by an accepted cheque on a chartered
bank payable to the order of the
Minister of Public Works, equal to 10
p.c. of the amount of the tender.

Bonds of the Dominion of Canada or
bonds of the Canadian National Rail-
way Company will also be accepted as
security, or bonds and a cheque if re-
quired to make up an odd amount.

By order,

Here and There

(407)
In connection with "Fire Preve-
nion Week," observed throughout
Canada and the United States be-
tween October 8 and October 13, a
special telegraphic message has
been sent over the entire Canadian
Pacific Railway system by Grant
Hall, senior vice-president of the
company, urging all officers and
employees of the railway to co-
operate by setting a good example
of fire and the removal of their
causes. This has been followed up
by a circular letter setting forth in
detail how these objects may be ac-
complished.

"If the English people were well
advised they would not be at all
loath to invest in Canada," stated
Sir William Pender, president of
the Institute of Chartered Account-
ants of England and Wales, a pas-
senger on the Empress of Scotland,
after attending the international
congress of accountants recently
held in New York. "One of the best
sources of obtaining British capital
in Canadian ventures in which Cana-
dian capital is also invested and
the people connected with them of
high repute and standing," he
added.

Undertaken as a nation-wide
movement for the promotion of
British and Canadian trade and to
give Canadians an opportunity of
hearing the music which is their
legitimate heritage, the unique
British and Canadian concert series
sponsored by the music depart-
ment of the Canadian Pacific Rail-
way will, it is announced, be under
the distinguished patronage of His
Excellency Viscount Willingdon,
Governor-General of Canada. Six
Canadian centres—Victoria, Van-
couver, Calgary, Regina, Winnipeg
and Toronto—have been selected
for the first season's recitals and
14 artists in all will provide the
programs which are to continue
at intervals during the fall and
winter.

Definite steps to control the traf-
fic in deer and moose hides which
has reached large proportions have
been taken by Chief Game Warden
H. H. Ritchie, of the New Brun-
swick Department of Lands and
Mines. Last year 7,000 deer hides
and about 700 moose hides were
exported from New Brunswick lar-
gely to glove manufacturers in Que-
bec and Ontario and the states of
Maine and New Hampshire. The
seal tags must now be affixed to
dead animals before transportation
becomes legal.

Reports are appearing in the
British press that the Prince of
Wales stands to make a fortune
out of oil production in his Rich
River ranch. Some reports have
estimated the possible profit as
high as \$5,000,000. This is record-
ed in the west as sheer guess work,
although the Turner Valley which
practically adjoins the Prince's
ranch has developed oil on a large
scale. Meanwhile there are no
wells being drilled on the ranch
though drilling is in progress
about a mile away.

The prairies are usually associat-
ed with wheat and cattle, but they
are also important sources of com-
mercial fish. The third largest
lake on the continent, Lake Win-
nipeg, and great bodies of fresh
water in Manitoba, Saskatchewan
and the Northwest Territories pro-
vide excellent fishing in all seasons.
In one day recently 40
carloads of whitefish and okereel
were shipped from the provinces
of Manitoba, Saskatchewan and New
York.

NOTICE.

IN THE ESTATE OF JOSEPH M.
KULLANDER, late of Stony Plain
in the Province of Alberta, Farmer,
deceased.

NOTICE IS HEREBY GIVEN that
all persons having claims upon the
Estate of the above named Joseph M.
Kullander, who died on the 27th
day of May, A. D. 1929, are required
to file with the undersigned, Solicitor
for the Administrator of his estate,
by the twenty-fourth day of No-
vember, A. D. 1929, a full statement
fully verified of their claims and of
any securities held by them, and that
after that date the Administrator
will distribute the assets of the said
estate among the parties entitled
thereto having regard only to the
claims of which notice has been so
filed or which shall have been brought
to her knowledge.

DATED at Stony Plain this 7th
day of October, 1929.

JAS. MALLOCH,
Solicitor for the Administrator.

The Singing Fool

By HUBERT DAIL
Copyright, 1918, Warner Bros. Pictures, Inc.

SYNOPSIS

Al Stone, singing waiter at Blackie Joe's New York night club wins fame as a composer of popular songs. He marries Molly Winton, a ballad singer, and makes her famous too. Molly and Al have a baby, Junior, whom Al adores. When Junior, about two years old, Molly elopes with John Perry, Al's best friend, taking the baby. For a week there is no trace of them. Al, completely broken by the blow, visits his partner, Billy Cline, at the Club Bongo, and declares he must sell out. He is through with Broadway. Just then Al learns from a newspaper article that Molly is at a New York hotel, preparing to sail for France that afternoon. He rushes to the phone.

CHAPTER XIX

"No," said Molly to the maid, "you go on packing—I'll answer." She picked up the receiver to hear Al's voice.

"Molly, is this you? Is it true you're sailing today?"

Molly's eyes grew cold as she saw a look of intense irritation crossed her face. She turned to Perry, putting her hand over the transmitter, and whispered, "It's Al." Perry started, then Molly answered into the phone.

"Yes, it's true. I decided to sail today. The full force of her cold determination was conveyed to Al in those words. But his voice came vibrating back against her ear.

"Please, Molly, you must let me see Junior before he goes. That's all I ask—you won't refuse that." Again Molly signaled quickly to Perry, pointing to Junior. The racketeer jumped up—so Al was trying to spoil their game! Perry made a quick gesture of disapproval and Molly turned back to the phone.

"There's hardly time," she said. "We're leaving shortly." Then it seemed to her that Al's voice hardened a little too.

"The boat sails at six Molly—that gives you time. Remember you've taken Junior from me—and you know

what he means to me! He's the only thing I have left to live for. I'll be with him only a few moments—you must grant me that."

Al waited in an agony of suspense, while Molly did some quick thinking. She knew Al could make trouble for her if he wanted to do it. She didn't think he would, but if she refused this last request he might suddenly turn ugly toward her. She decided to conciliate him. Besides, for a wonder, she suddenly felt just a trifle sorry for him. After all, he had been an awfully good sport during the three years of their marriage, and he did adore Junior.

Then she became aware of Perry's agitated figure. He was pacing up and down in front of her, gesticulating for her to refuse. But she turned to him and said in low firm tones:

"We must do this for him, John. It won't hurt us. And he's been so decent to me."

Perry made a reluctant gesture of acquiescence.

"Do as you like. But you can't afford to have him come here."

"No, of course not." She turned back to the phone. "I'll have Junior at the 96th Street entrance to the Park in half an hour."

As Al heard her crisp good-byes his face was illuminated with joy at the prospect of seeing his son. It would only be a few moments, but it was something—to hold Junior close once more and hear his baby voice.

Al gazed at his watch, then remembered Billy Cline, who was waiting miserably nearby.

"She comes, Billy! I'm to see Junior in half an hour! Now I must hurry along."

Cline wrung his hand and Al picked up his hat and coat.

"We'll go over these accounts later," called Cline as Al hurried away, but Al gave only a hurried wave of the hand in agreement. His thoughts were concentrated on the meeting with his son.

Cline looked after him, shaking his head sadly. It seemed to him that the downfall and complete collapse of Al Stone was imminent all because of Molly.

"If I were in Al's place," thought Billy, "I'd certainly try to nab that woman at the boat and get the child back. But no, he won't do it. He thinks now it might put a stigma on the baby. And I think he loves Molly too much, even now, to do it."

The night club owner gave a sigh, sat down at his desk, and began to go over the accounts of the Club Bongo.

Al boarded a taxi and reached up his hat and coat ten minutes later. He still had a twenty minute wait, but he wanted to be on the spot ahead of time for this, the most important appointment of his life. He paced nervously up and down, peering at every limousine that passed. Then, as so often happens when there is so much at stake, imaginative and imaginary fears began to possess him.

What if Molly had lied to him, what if she were stringing him along and even now was hurrying with Junior toward the boat? But just when this fear had become so intense that he thought he couldn't endure it a moment longer, Molly's baby Rolls-Royce approached, came to a stop and the door swung open. Molly wasn't in it; a strange nursemaid stepped out, leading Junior by the hand.

Al rushed forward to clasp his boy in his arms.

As Junior saw Al approaching his little arms opened wide. Then he felt himself caught and lifted high, with his face against his daddy's cheek. Why this was just like home, when his daddy came in at dinner time, to rush into the nursery

first thing and embrace him. Yet it was different, in a way, and the sensitive child felt it. His daddy was silent for a long moment as he pressed Junior close to him.

"The little boy thought he was crying. . . . But no, Al held him at arm's length and whispered, with radiant face:

"It's wonderful to see you again. Did you miss daddy, Junior?" Junior nodded. "Awful much. I asked muvver were you was. I asked her all the time."

Again the quick clapping of the little warm body in its heavy blue overcoat. Then Al carried Junior toward one of the benches that stood by the park entrance.

"Let's sit down here, Junior. We can be all alone."

Junior sat on Al's lap, looking up into his face. During these few precious moments Al wanted his child all to himself, out of earshot of the nurse-maid. There she was pacing up and down beside the car, keeping a sharp eye on Junior and his father.

"She's been told to watch me—told I might steal him," thought Al.

How pink Junior's cheeks were and how lovely his curls, escaping in profusion from under his funny little Breton cap. He sat with his tiny, sturdy little body, legs spread far apart, studying his father's expression, as if seeking the answer to some question that was bothering his baby mind. Yes, there was something about Junior, a sudden gravity that convinced Al he knew vaguely that all was not well with the Stone family. It was just a feeling with Junior and he had no words that really expressed it, but he said soberly:

"Daddy, I've missed you lots."

"Have you, Junior?"

"Yes, I have. I wish you was goin' wiv muvver and me."

Al turned his face away quickly, as if he were studying intently something far down the street. He didn't want Junior to see his expression of extreme unhappiness, and for a moment he could not speak. But as he gained control of himself he said:

"Do you, Junior? Go do I. You can't know how much daddy longs to go with you."

"Why can't you go, then?"

"Again the sudden starting down the street and the quick return of daddy's warm, loving eyes."

"Because, Junior, well, it's something you wouldn't understand. You'll know some day. . . . But you'll never forget daddy, will you? You'll never forget that daddy loves you every moment and thinks of you and sings to you."

"Never," said Junior, with the certitude of a grown person and a solemn wag of his head. Then he asked:

"Do you feel bad, daddy?"

Al stiffened his quivering lip and managed to summon a smile.

(To Be Continued.)

Persian Balm is irreplaceable. Fragrant as summer flowers. Cool as a mountain spring. Wonderfully invigorating. Softens and whitens the hands. Makes skin soft-textured and youthful. Used by men as an effective hair fixative or shaving lotion. And for children, nothing soothes and protects their tender skin like the delicately cool Persian Balm.

Saskatoon is Growing

Saskatoon's residential section is expanding at the rate of about two homes a day, the demand for residential property continuing steady. Since the beginning of the year the city has sold more than 470 lots for a total exceeding \$113,289.

Minard's Liniment relieves stiffness.

Alberta Telephone System

More than 2,300 miles of new lines were laid by the Alberta Government's telephone system this year.

Fletcher's CASORIA

Children Cry for It
FOR COLIC, CHOLERA, DIARRHOEA, FEVER, AND ALL THE STOMACH AND BOWEL AFFECTIONS

Ever Try This?

The greatest remedy for sore throat, influenza, colds, whooping cough, croup, head colds and tonsilitis. Good natured, money back, you can't lose. Try it. \$1.50 per bottle. Assured wanted. KITCHENER TRIMMELLIS CO., Kitchener, Ont.

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard cathartic for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain de-

Sour Stomach

parts. You are happy again in five minutes. Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.

Anglicising Foreign Names

Many Lose Their Dignity and Become Quite Commonplace.

Foreign names of musicians and composers always seem to be somewhat imposing and sonorous. When they are Anglicised they appear to lose much of their dignity, and become quite commonplace. Giuseppe Verdi becomes in English, Joseph Green, Wagner becomes Cartwright, Bach becomes Brook, and Weber, Wever. Some names are less common when translated, and while Strauss, or Straus, is one of the commonest names in Germany, its translation is Neseague, which is quite unknown here. Handel means trade or commerce; Haydn, heather; and Hummel, heavy lower is lion; Cherubini, a little cherub; Rossini, the small red one; Schumann, shoe man, presumably the cobbler; Schönbeg, beautiful mountain; Tosti Mattet was simply Timothy Matthews, or he would have been so had he been an Englishman with an English name.

GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season of the year for colds—one day is warm, the next cold and wet, and unless the mother is on her guard, the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mothers' best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose of the Tablets will prevent colds, or if it does come on sudden, their prompt use will relieve the baby. The Tablets are sold by medicine dealers or by mail order from a box from The Dr. Williams' Medicine Co., Brockville, Ont.

British Census Takers Do Work Thoroughly

Chief Appointed To See That No One Escapes Count

Giant maps are now being prepared for the use of census takers in England and Wales, in 1931. These maps show every street and alley and court in the land and the whole country is split up into 50 areas. A census chief is appointed to each section, and has the responsibility of seeing that nobody escapes the count.

Even the gypsies and the vagrants on the road are "trapped" on census night by policemen specially detailed.

With 40,000,000 persons due to be counted, the census form goes into every house, every workshop, every hospital, every prison and every casual ward and lodging house.

Important information will be extracted from the figures which will shed a light on the constantly changing conditions of the lives and habits of the nation.

Turner Valley Oil Wells

There about 90 separate oil well operations under way in the Turner Valley in addition to 29 producing wells, the latter having a monthly output of 122,000 barrels, valued at in excess of \$5,000,000 per year. The monthly payroll of the 1,110 men employed runs to \$250,000.

Increase Port Facilities

The city authorities of New Westminster, B.C., are applying to have the deep sea ship channel from the city to the sea deepened sufficiently to meet the requirements of any ship operating on the Pacific.

Use Minard's Liniment in the Stomach.

Little Helps For This Week

"And now I exhort you to be of good cheer."—Acts xxvii. 22.

Make me as one that cansteth not by day. A dreary shadow, but reflecting eye. One little beam, loved, warmed, and golden caught. From the bright sun that lights our daily way.

You find yourself refreshed by the presence of cheerful people; why not make earnest efforts to contribute pleasure to others? You will find the battle is gained if you will never allow yourself to say anything gloomy.—Lydia M. Child.

Many children die from the assaults of worms, and the first care of mothers should be to see that their infants are free from these pests. A vermicide that can be depended on is Miller's Worm Powders. They will not only expel worms from the system, but act as a health-giving medicine and a remedy for many of the ailments that beset infants, enfeebling them and endangering their lives.

Giant British Airship

Trials Of The R-101 Said To Be Most Successful

Great Britain's giant new dirigible R-101, largest in the world, has been granted her "air worthiness" certificate after her successful 300-mile flight.

The anxiety which was felt in many quarters about her navigability, before she went into the air, is said now to be entirely dispelled. The experiments made in her construction are considered a success.

It was stated that the initial trip was probably the most economical ever made by a dirigible so far as gas is concerned.

Experts looked forward to flights soon of the R-100, sister ship, and comparable to the R-101 in size and probable performance.

Felt Tired and Miserable

"I took Lydia E. Pinkham's Vegetable Compound for miserable and tired feelings and it gave me strength to do my work. My nerves are better and I feel well and strong and have a good appetite. I sleep well and am in pretty good spirits and able to work every day now. I recommend the Vegetable Compound and you may use this letter as a testimonial."—Miss Delenda Wallace, Union Street, North Devon, New Brunswick.

Carvel Clippings

The story is being told of two local farmers who drove their teams to Edmonton one day last week, to trade bags of wheat for flour. All seemed to be well until the return trip. When a short distance east of Stony Plain the drivers of the teams, apparently filled with enthusiasm and O.V.G., started racing their laden teams, with the result that Bill's wagon was overturned and ditched. John, the winner of this race, was not so fortunate, after all, as what happened to him on his tipsy return home necessitated his removal to an Edmonton hospital, where he is at present, with his eye in a sling.

Duffield Doings.

A large delegation of Liberals, headed by Mr Fred J Francey, attended the Stewart meeting in Stony Plain last Friday.

The Ratcock Orchestra supplied the music at the popular dance here on Friday evening. They play again at Keeps Hills Nov. 8.

Mrs Mary Ann Dunk, relict of the late Jos F Dunk, passed away here on Friday, Oct. 25, aged 67 years. She is survived by one daughter, Mrs G J Smith of Genesee. The funeral was held in Edmonton Monday afternoon. Rev Canon Clough conducted the service. Interment took place in the Mount Pleasant cemetery.

Stony Plain and District.

And this is Halloween.

Dan McKinlay, Namao, was in Stony last week for the big "Smoker".

The Halloween party given Monday night by the local W. I. was a complete success. Among the other attractions was Madame Pavla, who had a busy time giving out the fortunes to her many patrons. The singing contest was won by the quartet consisting of Miss Malloch, Dr. Oatway, Dr. Walton and Hy Trapp.

Magistrate Williams had another busy day on Tuesday, his time being all taken up giving a preliminary hearing, in the case against Yerko Capp. The case against Mr Ciccarelli, a V. & H. T. Act case, will come up Tuesday next.

At the sitting of the District Court in Stony Plain last week, with Judge Crawford presiding, the appeal of Geo Miesner from a conviction under the Liquor Act was set over to Nov. 18, the Crown prosecutor concerning Thos. White of Holden, Mr Meisner's counsel, was present.

The posters are out for Radolf Hoffman's auction sale to be held Tues. Nov. 12.

Mr John Schnigelski is at present receiving treatment in an Edmonton hospital for an injury to his eye, which had been caught on a hook.

On Sunday, Oct. 27th, in Stony Plain, Mr B L Lev passed away, aged 79 years. The funeral took place in Edmonton on Monday. Deceased leaves to mourn his loss his daughter, Mrs M Comisarow.

At the meeting on Friday evening of Muir Lake Community Club, at the school house, it was decided to proceed with the building of the new hall, and volunteers are at present busily engaged in putting in the foundation on the new site on Meridian road.

At the-Double "C."

The new Marconi Radio Gramophone was the centre of attraction at the Christie Restaurant Saturday night. A big crowd of sports interested in the championship basketball game being played in Edmonton was present, and heard the game, play by play, come in over the Marconi. During the intermissions, a few popular records were put on and played in the gramophone section. The machine had been kindly loaned for the occasion by the local agents, Enders & Baron, the Stony Plain Motors.

Death of Mrs. Stebner.

There passed away on Sunday, Oct. 27th, at the General hospital, Edmonton, Mrs Amelia Stebner (relict of the late Louis Stebner), of Stony Plain, aged 56 years. She is survived by four children—two daughters, Mrs Wedmab of Leduc, Miss Stebner of Edmonton; two sons, Mr Fred Stebner, Vancouver, and Mr G Stebner, Stony Plain District. The funeral took place Tuesday to Inga cemetery, Rev G A Sauder conducting the service.

Spruce Grove News.

Mr and Mrs Dan Brox left yesterday for Kitchener, Ont., where they will attend the golden wedding of Mr and Mrs W Schoonmacher. Mrs Schoonmacher is a sister of Mr Brox.

Mr and Mrs Ferguson Smith entertained a number of City friends on Saturday evening, at their farm, south of the Grove.

On Tuesday next there will be a shoot for turkeys and geese at the farm of Norbert Callahoo.

Louie Javorsky personally conducted a local party of big game hunters up to the Foot Hills this week.

Chicken thieves were on the rampage again last week in the district south—among the heavy losers being Mrs MacDonald, 80 chickens, and Mr Chappel (of the fox farm) who lost all his turkeys that were roosting low. A traveling junk dealer is suspected.

Remember the bazar and sale of home cooking, by the Ladies Aid of the United church, in the church building, tomorrow, Sat., Nov. 2.

GIRL WANTED—Apply at Spruce Grove Hotel.

Death of Amiel Ducholke.

Amiel G. Ducholke, son of Mr and Mrs Mike Ducholke, Spruce Grove, passed away in an Edmonton hospital, on Thurs. Oct. 24, in his 19th year. Deceased was a popular young man, having a host of friends among the young people. He had been ailing for over a year. The funeral service was held on Sunday afternoon from St. Matthew's Lutheran church. (Manitoba Synod). Rev G Postzsch, the pastor, conducted the service. Interment took place in the Spruce Grove cemetery.

Church Services

Services will be held in St Philip's Church at 11.30 on Sunday next.

A Lutheran service in English will be held in Stony Plain Sunday next at 7.30 p.m., by Rev. V. A. Osterman. Service at United church Sunday evening at 7.30; Rev G A Sauder.

Social and Entertainment, Holborn Hall, Friday, Nov. 1.

Ford

The Finest Car Made at a Low Price.

Back of the new Ford are manufacturing and production methods, as unusual as the car itself. Without these it would be impossible to give you the value that is in the New Ford. Because of them it is unquestionably the best motor car that can be made at a low price without sacrificing quality anywhere on it. We make immediate deliveries on all models.
